Advertising Kentucky.

The New York Commercial published last week a handsome special edition advertising Kentucky and her resources, which is very creditable. Sixteen large pages are devoted to Kentucky and Kentucky cities alone.

Cut Foot Badly.

At his home on Hardwick's Creek last Friday while using an ax, Fred Ware cut a considerable gash in his right foot. Dr. Smith was hurriedly summoned and dressed the wound which is now getting along very well.

New Bank Building.

The Powell County Deposit Bank will build a handsome new brick bank building at Stanton some time this summer. Y. C. Bowen has purchased a new brick machine and will manufacture the brick for the new building near the site.

New Show Company.

A new show company has been organized of local talent and will soon start on the road for continual travel. The company will be known as the H. P. Phillips Company. They will give their third performance at Stanton Friday night.

Teachers Selected.

The City Council met in regular session last night, and besides allowing the usual claims and attending the regular routine of business, elected teachers for the fall term of school as follows: C. W. Campbell, re-elected principal; Miss Madge Wilson, of College Hill, first assistant; Mrs. Pattie Ware was re-elected second assistant. The principal's salary was fixed at \$60.00 per month; first assistant's salary, \$45.00 per month, and the second assistant's pay was changed to \$35.00 per month.

The selection of teachers seems to be very satisfactory with all, and we are sure the school will be up to the standard, if not above the average.

Rumfield-Roberts.

Mr. Clyde Rumfield, of Columbus, Ohio, and Miss Laura Roberts, daughter of W. S. Roberts, were married yesterday afternoon at the residence of the bride's father in old Clay City, Eld. Geo. D. Verco officiating. They left on the afternoon west bound passenger train for Lexington and will go from there to Columbus, Ohio, where Mr. Rumfield is employed as assistant railroad agent. He formerly lived in this city and was assistant agent here. They will reside at Columbus.

Safer in Kentucky.

During the past week two heavy cyclones have visited parts of the beautiful West and wrought death and destruction in its path. The town of Bellevue, Texas was left in ruins and fourteen persons killed. The tornado was followed by fire which together destroyed thousands of dollars. Persons living in safe old Kentucky should be thankful and contented, never thinking of leaving the favored Bluegrass state.

Valuable Timber Land Sold.

Perhaps the finest boundary of timber land in Estill county was sold last Friday by L. B. Rankin to Watson & Howell. The land lies between the L. & A. and K. N. railroads, near the junction of the two roads. Messrs. Watson and Howell will convert the oak timber into ties and staves and the poplar and pine into saw logs. The purchase involved a cash payment of \$1,500.00.—Irvine Herald.

Carpenters on a Strike.

The union carpenters of Lexington, more than one hundred strong, went out on a strike Tuesday demanding a nine instead of a ten hour day and an increase of three cents per hour in wages. The union carpenters of Paducah are also demanding shorter days and longer wages, and threatening to strike if not granted.

It's stylish if it came from our new collection of modern millinery. Anything to please the most fastidious as well as the less exacting. Mrs. J. W. Williams.

Several nice strings of fish have recently been caught by local fishermen, but they don't seem to bite so well for foreigners.

A Valuable Thought.

It is a fact that nitrogen fertilizers are annually becoming scarcer, therefore the price is higher. Two years ago nitrogen was selling at \$50 per ton; to-day the price is \$52. The beds of nitrate of soda in Chili are pouring out thousands of tons of this fertilizer each year and the price will grow higher.

Now, what should sensible men do? They should from this issue of the Agriculturist determine not to be under the grasp of the fertilizer dealers for nitrogen. How can they help themselves? By growing this spring, the coming summer and during next winter plants that will gather enough nitrogen to keep up the fertility of their lands. Determine to plant several acres of soja beans, cow peas, alsike clover and hairy vetch. Each will catch \$10 worth of nitrogenous bacteria, which will be as good as that much Chilean nitrate of soda. This one paragraph should be worth one hundred dollars to any thoughtful reader.—Southern Agriculturist.

A Valuable Work.

Through the courtesy of an old friend we have just received a copy of the "History of Irvine and Estill County," by Col. E. C. Park, of Irvine. It is a book to be highly prized by every citizen of the county. It is a very valuable work, finely illustrated and should be in the home of every citizen and native of the grand old county. The price of the work is only 50 cents.

A Unique Judge.

The Judge of Calloway County deserves the cake for a manly precedent. He was offered an increase of salary by the fiscal court of that county but declined. This is something very unusual, and the ordinary run is to try to get an increase.

The Boy Who Saves.

The boy who saves his money becomes the banker, the merchant, the professional man. The boy who never saves a cent makes the man who "earns his bread by the sweat of his brow," who never owns a home or enjoys the luxuries of life.

The Southern Educational Conference, which brings together many of the foremost educators and philanthropists of the country, began a three days session in Lexington yesterday.

Don't Plant so Much Corn.

Farmers are getting started to planting corn about right. There seems to be a slight increase in the acreage. If they would plant a liberal supply of peas this year and turn the crop under they would find it to be of untold value to their land for future crops. What our farmers need is the idea that the greatest profit is made by adding to the fertility of the soil and not by getting the most money out of corn crops. Build up the land and in after years it can build you up.

High Price for Mules.

Bond Bros., of Elizabethtown, Ky., sold twenty mules to J. W. Russell, of Atlanta, Ga., for \$240 a head. They averaged 16 hands and 1,475 pounds in weight. They were said to be the finest car load of mules ever shipped from that city.

Raise Cut Down.

The assessment of Powell county which was raised 12 per cent by the State Board of Equalization has been lowered to a raise of 7 per cent. The county was given a hearing and the reduction was secured through special representation.

Wonderful is this government! Despite its screaming eagle it cannot arrest the richest man in the nation—Rockefeller! What a sickening fact—that it cannot cope with a single individual. Old Glory should be hung at half-mast.—Ex.

The Democrats have elected Mayors at St. Paul, Minn., and Omaha, Neb. this week. These Democratic successes in the North is very encouraging to the party, and is enough to enthuse them with bright hopes for 1908.

For the want of air a man will die in five minutes, for want of sleep in ten days, for the want of water in a week and for want of food at varying periods which depend upon other circumstances.

We are offering our customers a superb line of up-to-date millinery. Everything the latest and most fashionable to be had anywhere.

SPOUT SPRING.

Mrs. Veanna Curtis, whose illness was noted in a recent issue of this paper, is now slowly improving.

Saturday and Sunday are regular preaching days at the Baptist church. We hope to see a good crowd in attendance at these services.

Fire got out in the Bull Run woods near here last week, and did considerable damage besides burning one thousand panels of fence for Thomas Curtis. Persons cannot be too cautious with fire these dry windy days.

Persons interested will meet at Jackson's Chapel grave yard near this place, Wednesday, May 6th, for the purpose of cleaning off and beautifying the little cemetery. Every person having friends buried here or any interest in the improvement, are requested to come out on this day and lend a helping hand to this noble purpose, and don't forget to bring your dinner along.

Most of us count up everything but our blessings. Right there our adding machine stops.

The destruction of San Francisco, with twenty-five other towns and cities on the Pacific coast by earthquake and fire, illustrates how impotent individualistic system is to cope with such a catastrophe. Of course, the people will generously pour out millions to help the unfortunate in their immediate peril and distress, but tens of thousands will be financially ruined and never regain their footing; the struggle will be full of horrors and suffering before they will get places to live and employment.

I knew a man, his name was Horner; he used to live on Grumble Corner. (Grumble Corner is a cross-patch town)—he was never seen without a frown. He grumbled at this, he grumbled at that. He growled at the dog and growled at the cat. He grumbled at morning, he grumbled at night, and to grumble and growl was his chief delight.

No matter how hard his wife might try to please her husband, with a scornful eye he would look around with a scowl at something, and begin to growl. He grumbled so much at his wife that she began to grumble as well as he. All the children, wherever they went, reflected the parents' discontent. If the sky was dark and betokened rain, then Mr. Horner was sure to complain; and if there were never a cloud about, he would grumble because of the threatening drought.

For the U. S. Senate.

Senator J. B. McCreary has announced his candidacy for United States Senator to succeed himself. Gov. Beckham will also be a candidate. Both men are very strong and the contest promises to be a warm fight. It is eighteen months yet until the election and the early announcement meant a hotter contest. The race between Senator Blackburn and Judge Poynter was of only about eight months duration and this became warm enough.

It seems to be the opinion of some that McCreary will get the Blackburn support while Beckham will get the Paynter forces. In our opinion, however it will be a much closer game for many changes are sure to come, and Beckham is no stronger than the ordinary administration forces.

The Rich Criminals.

This is a free country, all right. This can't well be denied when we observe how many wealthy criminals who ought to be in prison are allowed to remain free. For example, the individual indictments against the Chicago packers have been dismissed, so there will be no criminal prosecutions. The indictments against the corporations, however, are allowed to stand. This vicarious atonement for the rich criminal is a great invention. How can you punish a corporation, which, as grim old "That" Stevens remarked, "has neither a body to be kicked nor a soul to be damned?" When the court's decision of immunity was delivered, an unusual scene was witnessed. The attorney for the defendants hastened to the jury box to shake hands with the jurors. It is probable, however, that their hands had touched on a previous occasion.

New Postoffice Ruling.

The postoffice department has decided that children going to and from school shall not be allowed to get their parent's mail, so do not blame the postmaster if your children are refused the mail. The postoffice habit among children has become a nuisance both to the public and the postmaster, and the department has done wisely in making this decision. This has been one of Postmaster (Blank) greatest trails as the children go to and from school. We hope this will be observed and not other means need to be used to enforce this law.

Before 1860 the whole nation was ringing with the slavery and anti-slavery question. It was the principal topic in press, pulpit and rostrum. Today it is the trusts combines and their rank hold upon the government. Suppression of facts are resorted to, but the truth cannot be al-

ways kept down. The louder the noise the more people it arouses, and something is going to be doing sooner or later.

OUR BIG CLUBBING OFFER.

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the Times and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies free at our office.

For Pain

Take a Dr. Miles' Anti-Pain Pill, and the Pain will disappear Like Magic.

Not by paralyzing the nerves and glands, like opium, morphine, cocaine, and other dangerous drugs, but by increasing the natural secretions.

This action is obtained as a result of modern discoveries in medicine, making it possible to relieve pain without bad after-effects.

You can safely depend upon Dr. Miles' Anti-Pain Pills to relieve and cure such pains as Neuralgia, Headache, Stomachache, Menstrual Pains, Rheumatism, Backache, Toothache, etc.

They will also, by their calming action on the nerves, almost instantly relieve such distressing feelings as Dizziness, Car-Sickness, Indigestion, Irritability, Sleeplessness, Nervousness, etc.

Not merely do they relieve, but they also absolutely cure, because by persevering in their use, you do away with the cause.

Dr. Miles' Anti-Pain Pills are guaranteed that first package will benefit, or your money back. Never sold in bulk.

"I am thankful for the good Dr. Miles' Anti-Pain Pills have and are doing me. Ever since the war I have had spells of severe throbbing headache, caused by catarrh, until six years ago, I began taking Anti-Pain Pills, the only remedy that ever gave me relief. Since then I have not had one hard attack, because I take a Pill and it overcomes the difficulty."—GEO. SAUNDERS, Greensburg, Ind.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter of the most important factor in painting. A job completed by a good painter with the best quality of paint, costing say \$50.00 (50¢ per gallon, \$20.00 per gallon) will last five years. The same job done by a cheap painter (35¢ per gallon, \$20.00 per gallon) will last only two years. Then the "pay-as-you-go" of the good painter's job is \$12.50—the poor painter's \$50.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Our job office has been very busy this week. Good work and low prices will pull it in.

D. R. Daniel sold fourteen head of one and two-year-old cattle at eighteen dollars her head.

Mr. and Mrs. Benny McKinney, of Ruckerville, visited relatives in the city Saturday and Sunday.

It is predicted that young orchards will suffer greatly this summer from the visitation of the seventeen-year locusts.

Mrs. Williams has just received the most beautiful and nobbiest collection of millinery ever displayed in Powell county. Call and see.

The supper given by the Presbyterian church Tuesday night was well patronized and netted the neat sum of twenty dollars.

B. B. Hutson, of this county, sold seventy Ewes to some Clark county dealer whose name we could not learn for \$5.50 per head.

Every farmer in the country should raise a lot of poultry this summer. We have a good cash market for produce and one that cannot be over supplied.

J. W. Henry, who has been down for several weeks with his old trouble, rheumatism, is now improving and it is hoped that he will soon be out again.

At the present prices there is more money in poultry than cattle, sheep or hogs, so let our farmers raise an increased supply of chickens, turkeys, geese and ducks.

Mart. Ballard, who was last week arrested charged with burning Henderson Messer's barn near Furnace, has been indicted by the Estill county grand jury and admitted to bail.

Dr. Bertram Smith, Clay City; Capt. T. D. Marcum, Catlettsburg; Theo. Pulham, Lexington; E. P. Arnold, Louisville, came down from Stanton Tuesday night to attend the Presbyterian Church social.

The dry spell was broken Tuesday night by a good rain accompanied by a heavy wind storm which did no damage here. The ground had become very dry and hard, and plowing was suspended by some waiting for a rain to soften the ground.

Deaths From Appendicitis decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by Swann-Day Lumber Co. 25c. Try them.

Tax Levy Fixed. The City Council met Saturday night in called session and fixed the city levy as follows: for school purposes, 25 cents; general purposes, 25 cents; bridge purposes, 25 cents. The levy of 25 cents for the bridge purposes was made in compliance with an order of the Circuit Court which directed that the city build a bridge where the old pontoon bridge was formerly located.

A Mountain of Gold could not bring as much happiness to Mrs. Lucia Wilke, of Caroline, Wis., as did one 25c box of Bucklen's Arnica Salve, when it completely cured a running sore on her leg, which had tortured her 23 long years. Greatest antiseptic healer of Piles, Wounds, and Sores. 25c at Swann-Day Lumber Co's store.

Body Found. Some three months ago William Fry, aged forty, and unmarried, was missed from his home in the Eastern part of Madison county, and the other day the body was found in a secluded spot in the Brassfield neighborhood hanging to a cedar. It is supposed to be suicide. The body was in a badly decomposed state.

A Cheap Ice Factory. An ingenious farmer in Iowa has been making ice this winter at a cost of 30 cents a ton. He has built 200 tanks of galvanized iron, a foot deep two feet wide and three feet long. These tanks are filled with water every time the weather man announces a cold snap and the next morning the ice crop is harvested, the tanks being separated from the cakes by the use of a little hot water. Twenty tons of ice can be stored in a night, which is not bad for a mild winter. The water freezes more rapidly in the shallow tanks than in a lake. The present winter has boomed the making of artificial ice plants which will be in use this summer, as the ice crop is generally short and high prices are predicted.

THE "DODGING PERIOD"

of a woman's life, is the name often given to the "change of life." Your menses come at long intervals, and grow scantier until they stop. Some women stop suddenly. The entire change lasts three or four years, and it is the cause of much pain and discomfort, which can, however, be cured, by taking

WINE OF CARDUI Woman's Relief

It quickly relieves the pain, nervousness, irritability, miserableness, forgetfulness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life. At all druggists in \$1.00 bottles. Try it.

Kind Words.

Kind words do not cost much. They are quickly spoken. They do not blister the tongue that utters them. They never have to be repented of. They do not keep us awake at midnight. It is easy to scatter them. And oh, how much good they may do! They do good to the person from whose lips they fall. Soft words will soften the soul. They will smooth down the rough places in

our natures. Care to say kindly things will drill our natures in kindness. It will help pull up all the roots of passion. It will give us a spirit of selfcontrol. It will make the conscience delicate and the disposition gentle. A woman can not make a habit of speaking kind words without augmenting her own gracious temper. But better will be their influence upon others. If cold words freeze people, and hot words scorch them, and bitter words madden them, so will kind words reproduce themselves and soothe and quiet and comfort the hearer. They make all the better elements of one's nature come trooping to the surface. They melt our stubbornness. They arouse an appreciation of better things. Let us say the kindly word. No one can tell how many burdened hearts may be relieved, how many discouraged souls may be inspired. Say it is every day; to the one who disturbs you while you are busy, asking for work; to the one who has almost lost hope; to all. Remember, kind words can never die.—Ee.

If You ARE A Democrat Or if You are not You will want to read Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner on year both for \$1 10.
